Notes to the pro forma financial information relating to RBS Holdings N.V.

1 Basis of preparation

The pro forma financial information for RBS Holdings N.V. as at 31 December 2010, and for the years ended 31 December 2010, 31 December 2009 and 31 December 2008 respectively, has been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the IASB and adopted by the European Union. The financial information has been extracted from audited financial information for the year ended 31 December 2010 contained within the Annual Report and Accounts of RBS Holdings N.V. published on 29 March 2011 and does not reflect subsequent events.

The pro forma financial information has been prepared on the following basis:

- The pro forma financial information has been prepared on the basis of management's best estimate of the relevant third party assets and liabilities of RBS N.V. that will be transferred to RBS plc.
- The pro forma condensed consolidated statement of financial position of RBS Holdings N.V. as at 31 December 2010 is presented to show the effect of the Proposed Transfers as if the Proposed Transfers had occurred on 31 December 2010.
- The pro forma condensed consolidated income statements of RBS Holdings N.V. for the years ended 31 December 2010, 2009 and 2008 respectively, are presented to show the effect of the Proposed Transfers as if the Proposed Transfers had occurred on 1 January of the respective years.
- Assets and liabilities to be transferred are presented based on their carrying values determined under IFRS. The allocation of equity was assessed on a global basis to reflect the expected level of capital support required by the transferring and retained businesses. Pre-existing intra-group funding was treated as settled upon transfer with new funding allocated as needed to reflect the financing needs of the transferring and retained businesses. Certain modifications were applied where, in the opinion of management, material non-recurring profit and loss items could be allocated more reliably on an individual basis.
- The Proposed Transfers are subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures, any of which may significantly change the pro forma information from that presented.

The same accounting policies were followed in the pro forma financial information as were applied in the preparation of RBS Holdings N.V. financial statements for the year ended 31 December 2010.

2 Businesses to be transferred as part of the Proposed Transfers

RBS N.V.'s businesses include the following product areas: Equities & Structured Retail Products, Emerging Markets, Lending, Global Transaction Services (GTS), and Short Term Markets & Financing (STMF). The Proposed Transfers comprise a number of subsidiary companies and specific product portfolios together with associated hedging. RBS N.V. also currently holds directly and indirectly certain other assets which are owned by RBSG jointly with the Dutch State and Santander (the **Consortium Shared Assets**); these are part of the retained businesses.

It is expected that the Proposed Transfers will be implemented on a phased basis over a period ending 31 December 2013. A large part of the Proposed Transfers (including the transfers of certain

securities issued by RBS N.V.) is expected to have taken place by the end of 2012. This will be subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures.

It is not certain whether such transfers (or any of them) will be effected at the value used for the pro forma financial information. No person should place any reliance on the pro forma financial information in connection with making an investment decision or for any other purpose and should be aware that changes to the current proposals (including, without limitation, to the assets and liabilities to be transferred or retained, the eventual manner in which such assets and liabilities are proposed to be transferred and to the timing pursuant to which they are proposed to be transferred) may be made if required, or if determined by RBS N.V. or RBS plc (in their absolute discretion) to be desirable for commercial or other reasons. Accordingly, nothing in this pro forma financial information should be taken as (or is) a representation that any of the assets and liabilities referred to will be transferred or retained, whether in a manner consistent with the figures contained in this pro forma financial information, in accordance with the timing set out above, or at all. For the avoidance of doubt, this pro forma financial information has been prepared and circulated solely for information purposes and does not constitute an offer to any person.

3 Overview of RBS Holdings N.V. after the Proposed Transfers

For legal, tax and other reasons, there are expected to be certain operations, assets and liabilities in RBS N.V. which will not be transferred to RBS plc. RBSG is committed to providing the necessary support to ensure that RBS N.V. continues to meet its commitments during and after the Proposed Transfers. Following completion of the Proposed Transfers, RBS N.V. will continue to be authorised and regulated by DNB.

SCHEDULE 2

An extensive restructuring and balance sheet reduction programme of the RBSG Group is ongoing. In particular, on 19 April 2011, the boards of RBSG, RBS, RBS Holdings and RBS N.V. approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS. Such restructuring and balance sheet reduction programme may adversely affect the Group's business, results of operations, financial condition, capital ratios and liquidity and may also negatively impact the value of the Securities.

The RBSG Group is in the course of implementing an extensive restructuring of its businesses, operations and assets, including those of the Group and other members of the RBSG Group, and may, in the future, consider making further changes to its business, operations, structure and assets.

In particular, on 19 April 2011, the boards of RBSG, RBS, RBS Holdings and RBS N.V. approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS (the **Proposed Transfers**), subject, among other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures. It is expected that the Proposed Transfers (which exclude the Shared Assets (as defined on page 22 of the Registration Document)) will be implemented on a phased basis over a period ending on 31 December 2013. A large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) is expected to have taken place by the end of 2012. The Proposed Transfers include a proposal to change the issuer of a number of securities issued by RBS N.V. which will include some or all of the securities issued by RBS N.V. between 19 April 2011 (being the date of the most recent supplement to the Registration Document) and the date(s) that the Proposed Transfers take effect. However, there is no assurance that any securities will be transferred to RBS or, if transferred, when such transfer may take place. RBSG is committed to providing all the necessary support to ensure RBS N.V. continues to meet its commitments during and after the Proposed Transfers. Nevertheless, it is possible that the Proposed Transfers might have a material adverse impact on the Group's business, financial condition, results of operations and prospects, and an adverse impact on RBS N.V.'s credit ratings, and may also negatively impact the value of the securities issued by RBS N.V. If securities issued by RBS N.V. are transferred to RBS, the fact of such transfer and/or the fact that RBS is a Scottish incorporated company might impact holders of such securities, whether for tax reasons or otherwise. For further information see the press release entitled "Proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc" published by RBS N.V. on 19 April 2011, which is incorporated by reference herein.

In addition, as part of the restructuring by RBSG of its businesses, operations and assets and the Group's refocus on core strengths and its disposal programme, RBS Holdings has been restructured into Core and Non-Core components. The Group expects to substantially run down or dispose of the businesses, assets and portfolios within the Non-Core division by 2013 and, during the course of 2010, it concluded the sales of businesses in Latin America, Asia, Europe and the Middle East.

Because the ability to dispose of assets and the price achieved for such disposals will be dependent on prevailing economic and market conditions, which may remain challenging, there is no assurance that the Group will be able to sell or run-down (as applicable) those remaining businesses it is seeking to exit either on favourable economic terms to the Group or at all. Tax liabilities could arise on the disposal of assets. Furthermore, where transactions are entered into for the purpose of selling non-core assets and businesses, they may be subject to conditions precedent, including government and regulatory approvals and completion mechanics that in certain cases may entail consent from customers. There is no assurance that such conditions precedent will be satisfied, or consents and approvals obtained, in a timely manner or at all. Any of the above factors could affect the Group's ability to implement their strategic plan and have a material adverse effect on

the business, results of operations, financial condition, capital ratios and liquidity of the Group and could result in a loss of value in the securities issued by RBS N.V.

In addition, the Group may be liable for any deterioration in businesses being sold between the announcement of the disposal and its completion. In certain cases, the period between the announcement of a transaction and its completion may be lengthy and may span many months. Other risks that may arise out of the disposal of the Group's assets include ongoing liabilities up to completion of the relevant transaction in respect of the assets and businesses disposed of, commercial and other risks associated with meeting covenants to the buyer during the period up to completion, the risk of employee and customer attrition in the period up to completion, substantive indemnity obligations in favour of the buyer, the risk of liability for breach of warranty, the need to continue to provide transitional service arrangements for potentially lengthy periods following completion of the relevant transaction to the businesses being transferred and redundancy and other transaction costs. Further, the Group may be required to enter into covenants agreeing not to compete in certain markets for specific periods of time. In addition, the Group will lose existing customers, deposits and other assets (both directly through the sale and potentially through the impact on the rest of the Group's business arising from implementing the restructuring plans) and the potential for realising additional associated revenues and margins that it otherwise might have achieved in the absence of such disposals.

Any of the above factors could negatively affect the Group's ability to implement its strategic plan and have a material adverse effect on the Group's business, results of operations, financial condition, capital ratios and liquidity and could result in a loss of value in the securities issued by RBS N.V.

Any restructuring may impact issues of securities by RBS N.V. and may result in changes to the businesses, operations and assets of RBS Holdings and RBS N.V.

Overview:

The Issuer is a bank licensed and regulated by the Dutch Central Bank (De Nederlandsche Bank).

The Issuer operates on a significant scale across Europe, the Middle East and Africa (EMEA), the Americas and Asia. As at 31 December 2010, the Group had total consolidated assets of EUR 200 billion.

RBS Holdings and RBS N.V. form part of the RBSG Group. RBSG is the holding company of a large global banking and financial services group. Headquartered in Edinburgh, the RBSG Group operates in the United Kingdom, the United States and internationally through its three principal subsidiaries, RBS, National Westminster Bank Public Limited Company ("**NatWest**") and RBS N.V. Both RBS and NatWest are major United Kingdom clearing banks. In the United States, the RBSG Group's subsidiary Citizens is a large commercial banking organisation. Globally, the Group has a diversified customer base and provides a wide range of

products and services to personal, commercial and large corporate and institutional customers.

Group Organisational Structure:

The Group comprises the following four segments:

- Global Banking & Markets (“**GBM**”): The GBM segment represents the business providing an extensive range of debt and equity financing, risk management and investment services as a leading banking partner to major corporations and financial institutions around the world. The GBM business within RBS Holdings is organised along four principal business lines: Global Lending, Equities, Short Term Markets & Funding and Local Markets.
- Global Transaction Services (“**GTS**”): GTS provides global transaction services, offering Global Trade Finance, Transaction Banking and International Cash Management.
- Central Items: The Central Items segment includes group and corporate functions, such as treasury, capital management and finance, risk management, legal, communications and human resources. Central Items manages the Group’s capital resources, statutory and regulatory obligations and provides services to the branch network.
- Non-Core Segment: The Non-Core segment contains a range of businesses and asset portfolios managed separately that the Group intends to run off or dispose of, in line with the RBSG Group strategy for Non-Core assets. It also includes the remaining assets and liabilities in RBS N.V. that have not yet been sold, wound down or alternatively transferred by the Consortium Members (as defined below), in which each of the Consortium Members has a joint and indirect interest.

Global Banking & Markets, Global Transaction Services and Central Items comprise the Group’s Core segments.

These RBS N.V. businesses are part of global business units of the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall business strategy of the RBSG Group. RBS Holdings N.V. has been restructured into Core and

Non-Core components. The RBSG Group expects to substantially run down or dispose of the businesses, assets and portfolios within the Non-Core division by 2013 and has completed the sales of businesses in Latin America, Asia, Europe and the Middle East.

Separation from the ABN AMRO Group:

On 17 October 2007, RFS Holdings B.V, which at the time was owned by RBSG, Fortis N.V., Fortis S.A./N.V., Fortis Bank Nederland (Holding) N.V. and Banco Santander, S.A. (“**Santander**”), completed the acquisition of ABN AMRO Holding N.V., which was renamed RBS Holdings N.V. on 1 April 2010 when the shares in ABN AMRO Bank N.V. were transferred to ABN AMRO Group N.V., a holding company for the interests of the Dutch State. This marked the substantial completion of the restructuring of the activities of ABN AMRO Holding N.V. in accordance with the agreement between RBSG, the Dutch State and Santander (the “**Consortium Members**”). RBS Holdings N.V. has one direct subsidiary, RBS N.V., a fully operational bank within the Group, which is independently rated and regulated by the Dutch Central Bank.

On 31 December 2010, the share capital of RFS Holdings B.V. was amended, such that approximately 98 per cent. of RFS Holdings’ issued share capital is now held by RBSG, with the remainder being held by Santander and the Dutch State. Ultimately it is expected that RFS Holdings B.V. will become a wholly-owned subsidiary of RBSG.

Risk Factors:

Risks relating to the Issuer

Certain factors may affect the Issuer’s ability to fulfil its obligations under the Securities, including:

- The Group is reliant on the RBSG Group.
- The Group’s businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets.
- An extensive restructuring and balance sheet reduction programme of the RBSG Group is ongoing and may adversely affect the Group’s business, results of operations,

financial condition, capital ratios and liquidity.

- Lack of liquidity is a risk to the Group's business and its ability to access sources of liquidity has been, and will continue to be, constrained.
- The financial performance of the Group has been materially affected by deteriorations in borrower credit quality and it may continue to be impacted by any further deteriorations including as a result of prevailing economic and market conditions, and legal and regulatory developments.
- The actual or perceived failure or worsening credit of the Group's counterparties has adversely affected and could continue to adversely affect the Group.
- The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions.
- Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices, basis, volatility and correlation risks and other market factors have significantly affected and will continue to affect the Group's business and results of operations.
- The Group's borrowing costs, its access to the debt capital markets and its liquidity depend significantly on its credit ratings.
- The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements.
- The value of certain financial instruments recorded at fair value is determined using financial models incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate.
- The Group operates in markets that are highly competitive and consolidating. If the Group is unable to perform effectively, its business and results of operations will be adversely affected.

- As a condition to the RBSG Group receiving HM Treasury support, the Group is prohibited from making discretionary coupon payments on, and exercising call options in relation to, certain of its existing hybrid capital instruments, which may impair the Group's ability to raise new capital through the issuance of Securities.
- The Group could fail to attract or retain senior management, which may include members of the Group's Supervisory Board and Managing Board, or other key employees, and it may suffer if it does not maintain good employee relations.
- Each of the Group's businesses is subject to substantial regulation and oversight. Significant regulatory developments could have an adverse effect on how the Group conducts its business and on its results of operations and financial condition.
- The Group is and may be subject to litigation and regulatory investigations that may impact its business.
- The Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- The Group is subject to enforcement risks relating to the United States Department of Justice's criminal investigation of its dollar clearing activities.
- The legal demerger of ABN AMRO Bank N.V. (as it was then named) has resulted in a cross liability that changes the legal recourse available to investors.
- Operational risks are inherent in the Group's operations.
- The Group is exposed to the risk of changes in tax legislation and its interpretation and to increases in the rate of corporate and other taxes in the jurisdictions in which it operates.
- The Group's operations have inherent reputational risk.
- The Group's business and earnings may be adversely affected by geopolitical conditions.
- The recoverability and regulatory capital treatment of certain deferred tax assets recognised by the Group depends on the

Group's ability to generate sufficient future taxable profits and there being no adverse changes to tax legislation, regulatory requirements or accounting standards.

- In addition to the risk factors described above, the Group is also subject to additional risks related to the entry by RBSG Group into the asset protection scheme and the two back to back contracts entered into by RBS in connection with certain assets and exposures of RBS N.V. and its wholly-owned subsidiaries.

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities including (i) the value of the Securities may fluctuate based on the value of the Underlying, (ii) there may not be a secondary market in the Securities, (iii) holders of the Securities have no ownership interest in the Underlying and (iv) there may be limitations on a holder's right to exercise the Securities or there may be delays in effecting settlement, see section Risk Factors in this Base Prospectus.

ANNEX A

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities or attached to any Global Security representing the Securities. The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to

the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

(a) Notices to Holders shall be given by the delivery of the relevant notice to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such notice to the Holders. The Issuer shall also ensure that notices are duly published, to the extent required, in a manner which complies (i) with the rules of any stock exchange or other relevant authority on which the Securities are for the time being listed or in the country in which such Securities have been admitted to trading and (ii) with any relevant legislation. In addition, for Securities listed on the SIX Swiss Exchange Ltd, the Issuer shall have the right but (without prejudice to the previous sentence) shall not be obliged to publish notices in electronic form on the internet website of the SIX Swiss Exchange Ltd) http://www.six-exchange-regulation.com/publications/communiqués/official_notices_en.html if and so long as the Securities are listed on the SIX Swiss Exchange Ltd.

(b) Any such notice issued pursuant to General Condition 4(a) by being delivered to the Clearing Agent(s) will be deemed to have been given on the date of the delivery of such notice to the Clearing Agent(s). Any such notice issued pursuant to General Condition 4(a) by being published will be deemed to have been given on the date of the first publication (for the avoidance of doubt, such notice having been published by any valid means) or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

5. HEDGING DISRUPTION

(a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).

(b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer, acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially to (i) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a “**Relevant Hedging Transaction**”) or asset it deems necessary, appropriate or desirable to hedge the Issuer’s obligations in respect of the

Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:

- (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this sub-paragraph (i); or
- (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
- (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or
- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

In the Conditions:

“**Hedge Position**” means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer’s risk of issuing, and performing its obligations with respect to, the Securities; and

“**Hedge Provider**” includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or The Royal Bank of Scotland plc and/or any other party(ies) and/or any

special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer's hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum

assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the proposed adjustment) less the cost to the Issuer of unwinding any related hedging arrangements.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.
- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations.
 - (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
 - (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect

of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change to such methodology that it considers necessary to reflect such circumstances.

- (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.
 - (iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the terms and conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.
- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time without the consent of the Holders substitute for itself as issuer of the Securities with regard to any and all rights, obligations and liabilities under and in connection with the Securities:

- (A) The Royal Bank of Scotland plc, registered in Scotland under No. 90312, with its registered office at 36 St Andrew Square, Edinburgh EH2 2YB, (“**RBS Plc**” or the “**Substitute**”) subject to the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
- (B) any entity which (i) acquires all or substantially all of the undertaking and/or assets of the Issuer or (ii) acquires the beneficial ownership of the whole of the issued voting stock and/or share capital of the Issuer or (iii) into which the Issuer is amalgamated, merged or reconstructed and where the Issuer is not the continuing company (such entity, a “**Successor in Business**” or the “**Substitute**”) subject to the Issuer having given at least 30 days prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
- (C) the holding company of the Issuer (the holding company currently being The Royal Bank of Scotland Group plc, company number SC045551) (the “**Holding Company**” or the “**Substitute**”) subject to the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
- (D) any entity other than RBS plc, a Successor in Business or the Holding Company (also, the “**Substitute**”), subject to: the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4; and the Issuer or RBS plc having issued a legal, valid and binding guarantee of the obligations and liabilities of the Substitute under the Securities for the benefit of each and any of the Holders;

and in each case subject to all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;

- (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
 - (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) **Adjustment to Conditions.** The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.
- (d) **Definitions Relating to European Economic and Monetary Union.** In this General Condition, the following expressions have the meanings set out below.

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Currency or, as the case may be, the Settlement Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

“**Established Rate**” means the rate for the conversion of the Original Currency or, as the case may be, the Settlement Currency (including compliance with rules relating to rounding in accordance with applicable European community regulations) into euro established by the Council of the European Union pursuant to Article 123 of the Treaty;

“**National Currency Unit**” means the unit of the currency of a country as those units are defined on the day before the country first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty; and

“**Treaty**” means the treaty establishing the European Community, as amended.

12. AGENTS

- (a) **Principal Agent and Agents.** The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the “**Principal Agent**”) shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) **Calculation Agent.** The Issuer or such other Calculation Agent as specified in the applicable Final Terms, shall undertake the duties of calculation agent (the “**Calculation Agent**” which expression shall include any successor calculation agent or assignee as approved by the Issuer) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

The Calculation Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. Any calculations or determinations in respect of the Securities made by the Calculation Agent (whether or not the Issuer) shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

The Calculation Agent may, with the consent of the Issuer (if it is not the Issuer), delegate any of its obligations and functions to a third party as it deems appropriate.

13. SURRENDER OF UNMATURED COUPONS

Each Security should be presented for redemption, where applicable, together with all unmatured Coupons relating to it. Upon the due date for redemption of any Security, where applicable, all unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. This General Condition will not apply to Securities issued in dematerialised form.

14. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the English Contracts (Rights of Third Parties) Act 1999 to enforce any Condition. The preceding sentence shall not affect any right or remedy of any person which exists or is available apart from that Act.

15. GOVERNING LAW AND JURISDICTION

(a) The Securities and any non-contractual obligations arising out of or in connection with the Securities, are governed by and shall be construed in accordance with English law.

(b) The courts of England have exclusive jurisdiction to settle any dispute (including any dispute relating to any non-contractual obligations) (a “**Dispute**”) arising from or in connection with the Securities).

(c) Subparagraph (b) is for the benefit of the Holders only. As a result, nothing prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, Holders may take concurrent Proceedings in any number of jurisdictions.

(d) The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

16. METHOD OF PAYMENT

For purposes of any payment on a Security (other than an equity certificate issued in registered form), the Clearing Agents may not be United States persons, as defined for United States Federal income tax purposes, and their respective specified offices may not be located

in the United States or any of its possessions. No payment on a Security (other than an equity certificate issued in registered form) shall be made by transfer to an account in the United States (including its possessions) or by cheque mailed to an address in the United States (including its possessions).

17. COMMISSIONS, FEES AND REBATES

From time to time, the Issuer may make payments or receive the benefit of payments in relation to the issue of Securities including the following:

- (a) The Issuer may pay to a distributor, sales agent or other intermediary fees or commissions. Such fees or commissions are generally required to be disclosed by distributors, sales agents or intermediaries which, in each case, are EEA investment firms or credit institutions to their clients. Each potential investor in the Securities should satisfy itself as to the amount of any fees or commissions received by intermediaries;
- (b) The Issuer may receive or pay management or other fees from or to third parties. Where such fees are payable, further details of them will be set out in the relevant Final Terms; and
- (c) The Issuer may make payments to or receive the benefit of generic commission, discount and rebate arrangements from Hedge Providers and other transaction counterparties. Such arrangements will be as agreed between the Issuer and the third parties.

The Issuer reserves the right to retain any amounts received without any obligation to pass the benefit of the rebates to investors in the Securities.

18. EVENTS OF DEFAULT

If any one or more of the following events (each an “**Event of Default**”) shall occur and be continuing:

- (a) default is made for more than 30 days in the payment of interest or principal in respect of the Securities; or
- (b) the Issuer fails to perform or observe any of its other obligations under the Securities and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (c) an order is made or an effective resolution is passed for the winding up of the Issuer (excluding a solvent winding up solely for the purposes of a reconstruction, amalgamation, reorganisation, merger or consolidation in connection with which The Royal Bank of Scotland Group plc or any of its subsidiaries assumes the obligations of the Issuer as principal debtor in respect of the Securities),

then any Holder may, by written notice to the Issuer at the specified office of the Principal Agent, effective upon the date of receipt thereof by the Principal Agent, declare the Security held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as defined below), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

“Early Redemption Amount” means an amount calculated by the Calculation Agent as the fair market value of the Security immediately prior to such Event of Default. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent.

SCHEDULE

Capitalised terms used in this Schedule but not defined herein shall have the meanings given to such terms in the Registration Document.

The actual or perceived failure or worsening credit of RBS Holdings N.V. Group's counterparties has adversely affected and could continue to adversely affect RBS Holdings N.V. Group

RBS Holdings N.V. Group's ability to engage in routine funding transactions has been and will continue to be adversely affected by the actual or perceived failure or worsening credit of its counterparties, including other financial institutions and corporate borrowers. RBS Holdings N.V. Group has exposure to many different industries and counterparties and routinely executes transactions with counterparties in the financial industry, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds and other institutional clients. As a result, defaults by, or even the perceived creditworthiness of or concerns about, one or more corporate borrowers, financial services institutions, sovereign counterparties or the financial services industry generally, have led to market-wide liquidity problems, losses and defaults and could lead to further losses being incurred by RBS Holdings N.V. Group or by other institutions. Many of these transactions expose RBS Holdings N.V. Group to credit risk in the event of default of RBS Holdings N.V. Group's counterparty or client and RBS Holdings N.V. Group does have significant exposures to certain individual counterparties (including counterparties in certain weakened sectors and markets). In addition, RBS Holdings N.V. Group's credit risk is exacerbated when the collateral it holds cannot be realised or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure that is due to RBS Holdings N.V. Group, which is most likely to occur during periods of illiquidity and depressed asset valuations, such as those experienced in 2008 and 2009. Any such losses could have a material adverse effect on RBS Holdings N.V. Group's results of operations and financial condition or result in a loss of value in securities issued by RBS Holdings N.V. or RBS N.V.

RBS Holdings N.V. Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements

Effective management of RBS Holdings N.V. Group's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. RBS Holdings N.V. Group is required by regulators in The Netherlands, the United Kingdom, the United States and in other jurisdictions in which it undertakes regulated activities, to maintain adequate capital resources. The maintenance of adequate capital is also necessary for RBS Holdings N.V. Group's financial flexibility in the face of continuing turbulence and uncertainty in the global economy.

On 17 December 2009, the Basel Committee on Banking Supervision (the "Basel Committee") proposed a number of fundamental reforms to the regulatory capital framework in its consultative document entitled "Strengthening the resilience of the banking sector". The Basel Committee published its economic impact assessment on 18 August 2010 and on 12 September 2010, the Group of Governors and Heads of Supervision, the oversight body of the Basel Committee, announced further details of the proposed substantial strengthening of existing capital requirements. The Basel Committee's package of reforms includes increasing the minimum common equity requirement from 2% (before the application of regulatory adjustments) to 4.5% (after the application of stricter regulatory adjustments). The total Tier 1 capital requirement, which includes common equity and other qualifying financial instruments, will increase from 4% to 6%. In addition, banks will be required to maintain, in the form of common equity (after the application of deductions), a capital conservation buffer of 2.5% to withstand future periods of stress, bringing the total common equity requirements to 7%. If there is excess credit growth in any given country resulting in a system-wide build up of risk, a countercyclical buffer within a range of 0% to 2.5% of common equity (or other fully loss absorbing capital) is to be applied as an extension of the conservation buffer. The capital requirements are to be supplemented by a leverage ratio, and a liquidity coverage ratio and a net stable funding ratio will also be introduced. The Basel Committee has confirmed that work continues to ensure that systemically important banks have loss absorbing capacities beyond the above standards. The Basel Committee has stated that measures may include capital surcharges, contingent capital and bail-in debt.

Such measures would be in addition to proposals for the write-off of Tier 1 and Tier 2 debt (and its possible conversion into ordinary shares) if a bank becomes non-viable. The proposed reforms are expected to be implemented by the end of 2012, however the requirements are subject to a series of transitional arrangements and will be phased in over a period of time, to be fully effective by 2019.

These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates, including the European Commission's public consultation on further possible changes to the Capital Requirements Directive launched in February 2010, may require RBS Holdings N.V. Group to raise additional Tier 1 (including Core Tier 1) and Tier 2 capital and could result in existing Tier 1 and Tier 2 securities issued by RBS Holdings N.V. Group ceasing to count towards RBS Holdings N.V. Group's regulatory capital, either at the same level as present or at all. If RBS Holdings N.V. Group is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets and engage in the disposal of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to RBS Holdings N.V. Group.

Any change that limits RBS Holdings N.V. Group's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures or otherwise) or to access funding sources, could have a material adverse impact on RBS Holdings N.V. Group's financial condition and regulatory capital position or result in a loss of value in securities issued by RBS Holdings N.V. or RBS N.V.

Each of RBS Holdings N.V. Group's businesses is subject to substantial regulation and oversight. Any significant regulatory developments could have an effect on how RBS Holdings N.V. Group conducts its business and on its results of operations and financial condition

RBS Holdings N.V. Group is subject to financial services laws, regulations, corporate governance requirements, administrative actions and policies in each location in which it operates. All of these are subject to change, particularly in the current market environment, where there have been unprecedented levels of government intervention, changes to the regulations governing financial institutions and reviews of the industry, including nationalisations in the United States, the United Kingdom and other European countries during 2008 and 2009. As a result of these and other ongoing and possible future changes in the financial services regulatory landscape (including any requirements imposed by virtue of RBS Holdings N.V. Group's participation in government or regulator-led initiatives), RBS Holdings N.V. Group expects to face greater regulation in The Netherlands, the United Kingdom, the United States and other countries in which it operates, including throughout the rest of Europe.

Although it is difficult to predict with certainty the effect that recent regulatory developments will have on RBS Holdings N.V. Group, the enactment of legislation and regulations may result in an increase in RBS Holdings N.V. Group's capital and liquidity requirements and costs and have an adverse impact on how RBS Holdings N.V. Group conducts its business, on the products and services it offers, on the value of its assets and on its results of operations and financial condition or result in a loss of value in securities issued by RBS Holdings N.V. and RBS N.V.

Other areas in which, and examples of where, governmental policies and regulatory changes could have an adverse impact include, but are not limited to:

- the monetary, interest rate, capital adequacy, liquidity, balance sheet leverage and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policy or changes in regulatory regimes that may significantly influence investor decisions in particular markets in which RBS Holdings N.V. Group operates, increase the costs of doing business in those markets or result in a reduction in the credit ratings of members of RBS Holdings N.V. Group;

- changes in regulatory requirements relating to capital and liquidity or prudential rules relating to the capital adequacy framework;
- other general changes in the regulatory requirements, such as the imposition of onerous compliance obligations, restrictions on business growth or pricing, new levies or taxes or fees, requirements in relation to the structure and organisation of RBS Holdings N.V. Group and requirements to operate in a way that prioritises objectives other than shareholder value creation;
- a separation of retail banking from investment banking and restrictions on proprietary trading and similar activities within a commercial bank and/or a group which contains a commercial bank;
- employee remuneration;
- changes to financial reporting standards;
- changes in competition and pricing environments;
- further developments in financial reporting, corporate governance, corporate structure, conduct of business and employee compensation;
- differentiation among financial institutions by governments with respect to the extension of guarantees to bank customer deposits and the terms attaching to such guarantees;
- implementation of, or costs related to, local customer or depositor compensation or reimbursement schemes;
- transferability and convertibility of currency risk;
- expropriation, nationalisation and confiscation of assets;
- changes in legislation relating to foreign ownership; and
- other unfavourable political, military or diplomatic developments producing social instability or legal uncertainty which, in turn, may affect demand for RBS Holdings N.V. Group's products and services.

The legal demerger and legal separation process and the implementation of the extensive restructuring of the businesses, operations and assets within RBS Holdings N.V. Group creates additional risks for the business and stability of RBS Holdings N.V. Group and the value of securities in issue by RBS Holdings N.V. and RBS N.V.

RBS Holdings N.V. Group is going through a period of transition and change, which poses additional risks to RBS Holdings N.V. Group's business including (i) RBS Holdings N.V. Group's ability to manage the break up of the former ABN AMRO in a controlled manner while minimising the loss of business, (ii) RBS Holdings N.V. Group's ability to retain key personnel during the transition and (iii) enhanced operational and regulatory risks during this period. During this period of transition and change and as a result of the legal demerger and legal separation, RBS N.V. and the new ABN AMRO Bank will remain interdependent with respect to certain business areas, for which they will inter alia provide certain services to each other.

In addition, The Royal Bank of Scotland Group plc and its subsidiaries consolidated in accordance with International Financial Reporting Standards is in the course of implementing an extensive restructuring of its businesses, operations and assets, including those of its subsidiaries and subsidiary undertakings, and may, in the future, consider making further changes to its business, operations, structure and assets. Any future restructuring may impact issues of securities by RBS Holdings N.V. and RBS N.V. and may result in changes to their businesses, operations and assets. Although it is difficult to determine the impact that such changes may have (if any) on RBS Holdings N.V. or RBS N.V., these changes may have a material adverse impact on their business, financial condition, results of operations and prospects and RBS Holdings N.V.'s and RBS N.V.'s credit ratings, and may also negatively impact the value of their securities in issue.

7. The Base Prospectus relates to Turbo Certificates, where “**Turbo**” or “**Turbo’s**” is a marketing name for these securities. The same securities are offered in different jurisdictions under the marketing name “**Mini**” or “**Minis**”. The Base Prospectus therefore shall be amended throughout for ever instance where the name “Turbo” or “Turbo’s” appears to read either “Turbo” or “Mini” “Turbo’s” or “Minis” (as the context requires) to facilitate the appropriate marketing name “Turbo” or ‘Mini’ as applicable in the relevant offering marketing of the securities to be issued under this Base Prospectus.

- “The Securities do not constitute units of collective investment schemes within the meaning of the Swiss Federal Act on Collective Investment Schemes (“CISA”) and are not subject to the approval of, or supervision by the Swiss Financial Market Supervisory Authority (“FINMA”). - (iii) In the **Risk Factors Section** beginning on page 18 under the heading “**The Securities may not be a suitable investment for all investors**”, the following section (f) will be added:
- (f) NOT consider that the issue of Securities linked to a particular Underlying is a recommendation by the Issuer to invest (whether directly or indirectly) in that Underlying or any of its constituent elements. The Issuer and/or its affiliates may make investment decisions for themselves which differ from those that a potential investor would make by investing in the Securities. In particular, investment decisions of the Issuer and/or its affiliates are based on their current economic circumstances, overall credit exposure, risk tolerance and economic conditions, which are subject to change. The Issuer is not required to hold the Underlying (or its constituent elements) as a hedge and it may chose not to do so.*
- (iv) the **Responsibility Statement** on page 30 shall be amended by the words “as completed and/or amended by the Final Terms” so as to read:
- “The Issuer accepts responsibility for the information contained in this Base Prospectus, as completed and/or amended by the Final Terms. "Material Change

Material changes of the Issuer's financial position since the date of this Base Prospectus will trigger the need for a supplement to this Base Prospectus under Article 16 of Directive 2003/71/EC and Swiss Listing Rule Scheme F 2.2.5. (vii) In the **Section headed "Taxation"** beginning on page 36 the following section shall be added of the Base Prospectus:

7. Switzerland

“The following is a general summary of the Issuer’s understanding of certain Swiss tax consequences in relation to dealings in the Securities according to the currently valid Swiss tax laws and the Swiss tax authorities’ practice as of the date of publication of the LaunchPAD programme. This outline is a summary and not exhaustive and does not take into consideration possible special circumstances of some investors. Tax laws and the tax authorities’ practice may undergo changes (or their interpretation or application may change) and their validity might also be retroactive.

Potential investors should consult their own tax advisors, legal advisers or financial consultants regarding their personal tax situation when entering into transactions with reference to the Securities.

- (a) General Information. The Swiss tax treatment of notes, bonds and other financial instruments are primarily regulated pursuant to the conditions set forth in the Circular Letter no. 15 of the Federal Tax Administration regarding the treatment of Bonds and Derivatives Financial Instruments for the purpose of the Federal Income Tax, Federal Withholding Tax and Federal Stamp Duties, as published on 7 February 2007. These rules are usually also applied by the Cantonal and Communal tax authorities. It should be noted that the Swiss tax terms “notes” and “bonds” are not consistent with the corresponding terms stipulated by Swiss security laws and the international or foreign understanding of such terms.*
- (b) Swiss Stamp Taxes. The issuance of Securities issued by a foreign resident issuer is in general not subject to the Swiss Issue Stamp Tax (“Emissionsabgabe”). Secondary market transactions of Securities which are considered as (debt) financing instruments, share-like products, fund-like products and Low Exercise Price Options (LEPO) on shares with maturity more than one year and the issuance of fund-like Securities issued by a foreign resident issuer are subject to the Swiss Securities Transfer Tax, provided that a Swiss securities dealer (“Effekthändler”), as defined in art. 13 para. 3 of the Swiss Federal Act on Stamp Duties (“Stempelabgabengesetz”), is a party to the Securities transaction or acts as an intermediary thereto. Certain exemptions may, inter alia, apply with regard to institutional investors such as mutual funds, life insurance companies and social security institutions. Pure derivatives for Swiss tax purposes like options and futures do normally not classify as taxable securities and are therefore not subject to Swiss Issue Stamp Tax and Swiss Securities Transfer Tax. If upon the exercise or redemption of a Security an underlying security is delivered to the holder of the Security, the transfer of the underlying security may be subject to Swiss Securities Transfer Tax.*
- (c) Swiss Withholding Tax. Securities issued by a foreign resident issuer are in general not subject to Swiss withholding tax. Payments or credit of (deemed) interest or dividends on a Security issued by a Swiss resident issuer may be subject to Swiss federal withholding tax at a rate of 35 %. This may apply likewise to payments or credits of yield from Securities which classify for tax purposes as fund-like products. The holder of a Security who is resident in Switzerland may be entitled to a full refund of or a full tax credit for the Swiss federal withholding tax, subject to conditions being met. A non Swiss resident holder of a Security may be able to claim a full or partial refund of the Swiss federal withholding tax if such a holder is entitled to claim benefits*

with regard to such a payment of a double taxation treaty between Switzerland and his or her country of residence.

- (d) Swiss Income Tax Treatment for Securities Held by Private Investors (Individuals) with Tax Residence in Switzerland as Part of their Private Assets. Payments or credits received by a holder of a Security, which are considered in a Swiss tax perspective as dividends or interests, are subject to income tax. Gains or losses realised upon a sale or other disposition by individuals with tax residence in Switzerland holding a Security as part of their private assets (private capital gain or losses) are in general not subject to Swiss Income Tax and are not deductible from taxable income respectively. However, capital gains may be subject to income taxation, if a Security qualifies as predominant one-time interest paying bond. Also gains or losses realised by buying or selling of pure derivatives for Swiss tax purposes (options and futures) are not subject to income tax as they are considered as tax-exempt capital gains or losses. Whether a Security generates taxable income (dividend and interest) or tax-exempt capital gains is depending on certain features of the Security (1-delta pay-off, reverse convertible, guaranteed coupon payments or capital protection etc.), on the underlying of the Security and on the maturity of the Security. Some Securities may be divided into taxable bonds and a tax-exempt option (or combinations of options) provided that the Security is, for Swiss tax purposes, made transparent by the issuer. A Security is considered transparent if the value on issuance of its bond and its option components can be determined separately. Under the condition of transparency, the option premium paid by the issuer is exempt from income taxation (where otherwise applicable); taxation is limited to the interest of the bond part which would have been paid for an investment in a comparable straight bond of the same issuer with a similar term and the same currency at market conditions. If the interest part of the Security is paid as a one-time compensation, the so-called “modifizierte Differenzbesteuerung” may apply in each case of pre-maturity sale or redemption of the Security. If a Security is not made transparent for Swiss tax purposes (only if the security needs to be transparent for Swiss tax purposes) the total payment to the investor (except the repayment of the invested capital) could be considered as taxable income.*
- (e) Swiss Income Tax Treatment for Securities Held by Swiss Resident Entities or Individuals as Part of Business Assets. Income of any kind realised from Securities as part of business assets of individuals (including deemed securities dealers for Swiss tax purposes) or entities in Switzerland are subject to personal income tax or corporate income tax respectively as part of their overall net income.*
- (f) Wealth Taxation of Securities Held by Private Investors (Individuals) with Tax Residence in Switzerland. The market value of the Securities may be subject to wealth tax levied on overall net wealth of individuals with tax residence in Switzerland, regardless of whether the Securities are held as part of their private or business assets.*
- (g) EU Savings Tax. On 26 October 2004, the European Community and Switzerland entered into an agreement on the taxation of savings income pursuant to which Switzerland adopts measures equivalent to those of the European Directive 2003/48/EC of 3 June 2003 on the taxation of savings income in the form of interest payments. The agreement came into force as of 1 July 2005. On the basis of this agreement, Switzerland introduced a withholding tax on interest payments and other similar income paid by a paying agent within Switzerland to an individual resident in an EU member state. The withholding tax is withheld at a rate of 15 % for the first three years beginning with 1 July 2005, 20 % for the next three years and 35 % thereafter, with the*

option of such an individual to have the paying agent and Switzerland provide to the tax authorities of the Member State details of the payments in lieu of the withholding. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding, if any, provided that that certain conditions are met. Securities issued under this programme may be subject to EU Savings Tax. The qualification regarding “in scope” or “out of scope” of the EU Savings Tax is depending on certain features of the Security and on the underlying of the Security.”

(viii) In the **Section headed “Selling Restrictions”** beginning on page 48 the following wording shall be added:

“SWITZERLAND

SUMMARY

This summary must be read as an introduction to this Base Prospectus and any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference. No civil liability attaches to the Issuer in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

Issuer: The Royal Bank of Scotland N.V. (previously named ABN AMRO Bank N.V.) (the “**Issuer**” or “**RBS N.V.**”) acting through its London branch at 250 Bishopsgate, London, EC2M 4AA.

History and Incorporation: The origin of RBS N.V. can be traced to the formation of “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. RBS N.V.’s articles of association were last amended by deed of 1 April 2010 executed before Mr. B.J. Kuck, a notary public in Amsterdam. RBS N.V. is registered in the Commercial Register of Amsterdam under number 33002587. RBS N.V.’s registered office is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS N.V. is a wholly-owned subsidiary of RBS Holdings N.V. (previously named ABN AMRO Holding N.V.) (“**RBS Holdings**”), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990. The articles of association of RBS Holdings were last amended by deed of 1 April 2010 executed before Mr. M.W. Galjaart, a deputy of Mr. B.J. Kuck, a notary public

in Amsterdam. The registered office of RBS Holdings is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS Holdings owns 100 per cent. of RBS N.V.'s shares and is jointly and severally liable for all our liabilities in respect of the structured products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

RBS Holdings and the Issuer form part of The Royal Bank of Scotland Group (referred to as the “**Group**”, “**RBS**” or “**RBS Group**”).

Overview:

The Issuer is a bank licensed by the Dutch Central Bank (*De Nederlandsche Bank*). RBS Group targets the highest possible credit rating for RBS N.V.

The Issuer operates on a significant scale across Europe, Middle East and Africa (EMEA), the Americas and Asia. At legal separation from the ABN AMRO group on 1 April 2010 (see the paragraph *Separation from the ABN AMRO group* below), RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products; provided by a sales force operating in approximately 40 countries (reducing over time following intended asset sales or exits of selected network countries). As at 31 December 2009, the RBS acquired businesses within RBS N.V. reported total consolidated assets of €275 billion and had more than 27,000 full time staff through a network of 264 offices and branches.

Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, RBS and Natwest. Both RBS and Natwest are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, The Royal Bank of Scotland Group plc's subsidiary Citizens is a large commercial banking organization. RBS Group has a large and diversified customer base and provides a wide range of products and services to personal,

Group Organisational Structure:

commercial and large corporate and institutional customers.

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding and Local Markets;
- Global Transaction Services: Global Trade Finance, Transaction Banking and International Cash Management; and
- Risk & Restructuring: The Non-Core Division in Risk & Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall businesses' strategies of the RBS Group.

Separation from the ABN AMRO Group:

On 17 October 2007 85.6 per cent. of the shares in ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ("**RFS Holdings**"), a company incorporated by a consortium consisting of the RBS, Fortis N.V., Fortis SA/NV ("**Fortis**") and Banco Santander S.A. each a '**Consortium Member**'.

On 3 October 2008 the State of the Netherlands ("**Dutch State**") acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank.

Legal demerger and legal separation process

On 30 September 2009 ABN AMRO Holding N.V. announced that a two-step approach would be taken to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – “**Legal Demerger**”: Transfer of the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the “**Demerging Company**”) to a new legal entity, ABN AMRO II N.V. (the “**Acquiring Company**”). Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company was to be renamed The Royal Bank of Scotland N.V. The Acquiring Company, comprising the Dutch State acquired businesses, was to then be renamed ABN AMRO Bank N.V.

The Legal Demerger and the consequent name changes were successfully effected on 6th February 2010.

Step 2 – “**Legal Separation**”: Transfer of the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. Following the transfer of the shares in ABN AMRO Bank N.V. to a new holding company, ABN AMRO Holding N.V. was to be renamed RBS Holdings N.V.

The Legal Separation and the consequent name change were successfully effected on 1 April 2010.

Following Legal Separation, the Issuer's activities continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) and the Dutch Authority for the Financial Markets (*Autoriteit Financiële Markten*) supervision and on a consolidated basis as part of the RBS Group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal

has been granted by the Dutch Central Bank on 3 February 2010.

Following Legal Separation a new managing board and supervisory board of RBS N.V. were appointed.

Risk Factors:

In the context of its business activities, the Issuer is subject to various risks that are typical of the banking industry. Should certain risks materialise, this may adversely affect the business situation, financial condition and profits and losses of the Issuer and its subsidiaries and, consequently, the business situation, financial condition and profits and losses of RBS Holdings and, hence, the capacity (i) of the Issuer to meet its liabilities under the Securities towards the holders of Securities (the “**Holder**”), and/or (ii) of RBS Holdings to meet its obligations under the guarantee. Factors which can adversely affect the business situation, financial condition and profits and losses of the Issuer are *inter alia* (i) general economic conditions and other business conditions, (ii) competition, (iii) regulatory change and (iv) standard banking risks including changes in interest and foreign exchange rates and operational, credit, market, liquidity and legal risks.

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities including (i) the value of the Securities may fluctuate based on the value of the Underlying, (ii) there may not be a secondary market in the Securities, (iii) holders of the Securities have no ownership interest in the Underlying and (iv) there may be limitations on a holder's right to exercise the Securities or there may be delays in effecting settlement, see section *Risk Factors* in this Base Prospectus.

Guarantor:

RBS Holdings pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Principal Agent and Calculation

RBS N.V. acting through its London branch at 250

Agent:	Bishopsgate, London, EC2M 4AA.
Listing and Admission to Trading:	Application will be made to NYSE Euronext or any other stock exchange or market specified in the Final Terms for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext or any other stock exchange or market specified in the Final Terms up to the expiry of 12 months from the date of this Base Prospectus. The Issuer may also issue unlisted Securities.
Description of the Securities:	A range of Turbo certificates may be issued under this Base Prospectus. The terms and conditions (the “ Conditions ”) applicable to such certificates are contained in the general conditions (the “ General Conditions ”) which are applicable to all Turbo certificates, product conditions (the “ Product Conditions ”) applicable to the particular type of Turbo certificate being issued and the Final Terms (as defined in the Product Conditions) applicable to the particular Series being issued (as defined in the Product Conditions).
Turbo Certificates:	<p>Turbo certificates are investment instruments which may be either:</p> <ul style="list-style-type: none"> (i) without a fixed maturity or expiration date, which can either be terminated by the Issuer or exercised by the holder of the Security (“Holder”) (open ended turbo certificates); or (ii) with a fixed maturity or expiration date if a Final Valuation Date is specified in the relevant Final Terms (fixed maturity turbo certificates) and will automatically terminate following a single Final Valuation Date. <p>Open ended and fixed maturity turbo certificates as described in (i) and (ii) above can be terminated by the Issuer following an Issuer Call, and may automatically terminate if the Underlying (as defined below) reaches a pre-determined level (stop loss level) before its maturity,</p>

exercise or automatic exercise, following any such event, the turbo certificates will pay an amount determined by reference to the value of the underlying currency, commodity, index and its constituent elements, stock, bond, basket or other product (together, the “**Underlying**”) on one or more specified days, subject to the certificate entitlement. The types of certificates that may be issued under this Base Prospectus are described below.

Turbo certificates track in a linear manner the Underlying either on an open ended basis or until the relevant Final Valuation Date. The amount needed to invest in a turbo certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls is much higher in Turbo certificates than as a direct investment in the Underlying.

Turbo Long and Short Certificates:

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo long certificate and an ordinary certificate is that in the case of the turbo long certificate, the amount needed to invest to give the same participation rate in the Underlying is usually considerably less.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a

turbo short certificate and an ordinary certificate is that in the case of the turbo short certificate, the amount needed to invest to give the same inverse participation rate in the Underlying is usually considerably less.

Stop-loss:

The maximum loss to an investor in Turbo certificates is the initial amount invested. A feature of Turbo certificates is the Stop-loss which, if breached, will result in the early termination of the turbo certificate.

Commodity Certificates:

Commodity certificates are certificates where the Underlying is a commodity. A wide range of commodities may become the Underlying in relation to a commodity Turbo certificate.

Currency Certificates:

Currency certificates give their Holder exposure to interest rate differences between two currencies. A range of currencies may become the Underlying in relation to a currency Turbo certificate.

Single Stock Certificates:

Single stock certificates are certificates where the Underlying is a share. A range of shares may become the Underlying in relation to a single stock Turbo certificate.

Index Certificates:

Index certificates are certificates where the Underlying is an index. A range of indices may become the Underlying in relation to an index Turbo certificate.

Government Bond Certificates:

Government bond certificates are certificates where the Underlying is a futures contract related to a Government bond. A range of Government bond futures contracts may become the Underlying in relation to a Government bond Turbo certificate.

Commodity Forward or Future Certificates:

Commodity forward and future certificates are certificates where the Underlying is a forward or future contract related to a commodity. A range of commodity forward and futures contracts may become the Underlying in relation to a commodity forward or future Turbo certificate.

Fund Turbo Certificates:

Fund Turbo certificates are certificates where the Underlying is a fund. A range of funds may become the

Underlying in relation to a fund Turbo certificate.

Rolling Turbo Certificates:

Rolling turbo certificates observe certain elements to determine whether adjustments need to be made to any of the terms and conditions of the certificates to maintain the leverage within certain limits, these elements include but are not limited to the current leverage factor, the level of the Underlying and the value of the certificates. In addition to such adjustments, the Holder could be entitled to an interim payment.

Index Future Certificates:

Index future certificates are certificates where the Underlying is a future contract related to an index. A range of index future contracts may become the Underlying in relation to an index future Turbo certificate.

Indicative Issue Price:

The Securities will be sold at a price determined by the Issuer who may, in making such determinations, refer to, amongst other factors, the level of the Underlying, the relevant certificate entitlement and any applicable foreign exchange rate(s).

Maturity:

The Securities are either (i) open ended and do not have any fixed maturity date, or (ii) with a fixed maturity and, will exercise automatically following the Final Valuation Date.

Interest:

The Securities do not bear interest.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with

any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer's hedge position, subject to the conditions set out in General Condition 5(d).

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities, RBS Plc or any entity other than RBS Plc subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Events of Default:

The terms of the Securities will contain the following events of default:

- (a) default in payment of any principal or interest due in respect of the Securities, continuing for a specified period of time;

(b) non-performance or non-observance by the Issuer of any of its other obligations under the Securities continuing for a specified period of time; and

(c) events relating to the winding up of the Issuer.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities to be issued under this Base Prospectus.

Form of Securities:

Except in the case of Securities issued in dematerialised form, Securities will be issued in global form. If SIX SIS Ltd is specified as Clearing Agent, Securities will, following their issuance, be transformed into intermediated securities in accordance with article 6 of the Swiss Federal Intermediated Securities Act.

Exercise of Securities:

Provided no Issuer Call or Stop Loss Event has occurred, the Securities may be exercised on any Exercise Date (if open ended), or will automatically exercise following a Final Valuation Date (if fixed maturity), as specified in the applicable Final Terms.

The Securities will be exercised automatically (and therefore terminate early) upon a Stop Loss Event occurring and may be called by the Issuer under an Issuer Call at any time which may occur before any relevant Exercise.

Settlement of Securities:

The Securities referred to in this Base Prospectus will be cash settled only. It is possible that in the future physically settled Securities may be issued and, in that case, a supplement to this Base Prospectus or a new Base

Prospectus will be prepared describing the relevant Securities.

Market Disruption Events:

If a Market Disruption Event occurs Holders may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Securities and vary depending on the type of Securities.

Fund Event:

If a Fund Event occurs, the Issuer or the Calculation Agent on its behalf, in each case acting in good faith and in a commercially reasonable manner, may adjust one or more of the Conditions to reflect the impact of the Fund Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Section 1 of the Product Conditions.

Potential Adjustment Event:

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Potential Adjustment Events are defined in Product Condition 4 for each type of Security (if applicable) and vary depending on the type of Security.

De-listing:

If a De-listing occurs the Calculation Agent may adjust one or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined

in Product Condition 4 for each type of Security (if applicable).

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute arising from or in connection with the Securities.

Final Terms:

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of Security is set out in this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section of the Issuer's registration document dated 1 July 2010 as supplemented by a supplement dated 1 September 2010 (the "**Registration Document**") incorporated by reference into this Base Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are short or long Turbo Certificates which entail particular risks

Turbo certificates are either (i) open ended investment instruments without a fixed maturity or expiration date, which can be exercised by the Holder, or (ii) fixed maturity or expiration date, which will be exercised automatically following a Final Valuation Date, both open ended and fixed maturity turbo certificates can be terminated by the Issuer following an Issuer Call, and may automatically

terminate if the Underlying (as defined below) reaches a pre-determined level. Following any such event, the turbo certificates pay an amount determined by reference to the level of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond or other product, subject to the certificate entitlement. Investors should be aware that their entire investment may be lost if the Underlying is at an unfavourable level.

The price at which a holder will be able to sell turbo certificates may be at a potentially substantial discount to the market value of the turbo certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is at an unfavourable level.

Turbo certificates track in a linear manner the Underlying either on an open ended basis or until the relevant Final Valuation Date. The amount needed to invest in a turbo certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls or rises, respectively, is higher in Turbo certificates than in a direct investment in the Underlying. This is the leverage effect. Investors should be aware that the leverage effect from holding Turbo certificates could result in gaining or losing a greater percentage of the investment than would occur through a direct investment in the Underlying. The maximum loss to the investor is the initial amount invested. Investors must expect to suffer a loss if the market price or value of the Underlying falls (in the case of turbo long certificates) or rises (in the case of turbo short certificates). A feature of Turbo certificates is the Stop-loss which, if breached, will result in the early termination of the certificate.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate.

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;

- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their exercise date or maturity date (as the case may be). Holders of Securities (the “**Holders**”) may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the value of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of

interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event (including an Emerging Market Disruption Event) and/or no Potential Adjustment Events and/or no De-listing and/or no Fund Event which apply.

- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter. Where Securities are described as being “quantoed”, the value of the Underlying will be converted from one currency (the “**Original Currency**”) into a new currency (the “**New Currency**”) on the date and in the manner specified in, or implied by, the Conditions using a fixed exchange rate. The cost to the Issuer of maintaining such a fixing between the Original Currency and the New Currency will have an implication on the value of the Securities. The implication will vary during the term of the Securities. No assurance can be given as to whether or not, taking into account relative exchange rate and interest rate fluctuations between the Original Currency

and the New Currency, a quanto feature in a Security would at any time enhance the return on the Security over a level of a similar security issued without such a quanto feature.

- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events), Fund Event, Potential Adjustment Event and/or De-listing has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.
- (f) Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.
- (g) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of RBS Holdings (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. The Issuer may provide quotations or prices for the Securities which may be suspended by the Issuer at any time, subject to all applicable rules and regulations. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

The Issuer may, in its sole and absolute discretion, decide to offer a secondary market in the Securities. In the event that the Issuer elects to offer such secondary market, the Issuer shall be entitled to impose such conditions as it, in its sole and absolute discretion, shall deem fit, including but not limited to:

- (a) providing a large bid/offer spread determined by the Issuer in its sole and absolute discretion by reference to the Issuer's own appreciation of the risks involved in providing such secondary market;
- (b) normal market conditions prevailing at such date; and

- (c) limiting the number of Securities in respect of which it is prepared to offer such secondary market.

Holders should note that the imposition of any of the above conditions may severely limit the availability of any such secondary market and may result in Holders receiving significantly less than they otherwise would have received if the Securities were redeemed at maturity.

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Securities for the purpose of meeting any investor interest in the future. Prospective investors in the Securities should therefore not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series, or of the demand for such Series.

In the event that such a secondary market does not develop, it is unlikely that an investor in the Securities will be able to sell his Securities or at prices that will provide him with a yield comparable to similar investments that have a developed secondary market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event is likely to have a material

adverse effect on the Issuer's Hedge Position. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

There may be limitations on a Holder's right to exercise the Securities

- (a) *Fixed Maturity Turbo Certificates.* If a Final Valuation Date is indicated in the relevant Final Terms, the Securities will not be open ended and Holders will not have a right of Exercise. Turbo Certificates specifying a Final Valuation Date will be fixed maturity and will only exercise automatically following such Final Valuation Date;
- (b) *Maximum Exercise Amount.* If so indicated in the Conditions, the Issuer will have the option to limit the number of Securities exercisable on any date (other than the final exercise date) to the maximum number so specified and, in conjunction with such limitation, to limit the number of Securities exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Securities being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer has elected to limit the number of Securities exercisable on such date, a holder of Securities may not be able to exercise on such date all the Securities that it desires to exercise. In any such case, the number of Securities to be exercised on such date will be reduced until the total number of Securities exercised on such date no longer exceeds such maximum (unless the Issuer otherwise elects), such Securities being selected as specified in the Conditions. Securities tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Securities may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (c) *Minimum Exercise Amount.* If so indicated in the Conditions, a Holder may have to tender a specified minimum number of the Securities at any one time in order to exercise the Securities. Thus Holders with fewer than the specified minimum number of such Securities will either have to sell their Securities or purchase additional Securities, incurring transaction costs in each case, in order to realise a return on their investment, and may incur the risk that the trading price of the Securities at that time is different from, in the case of Securities settled in cash (“**Cash Settled Securities**”), the applicable Cash Amount (as defined in the Product Conditions) or, in the case of Securities settled by way of physical delivery (“**Physical Delivery Securities**”), the difference between the value of the applicable underlying asset and the exercise price, in each case upon exercise.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

There may be delays in effecting settlement

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a holder of the Securities gives instructions to exercise and the time the applicable Cash Amount (if the Securities are Cash Settled Securities) relating to such exercise is determined. If the Securities are Physical Delivery Securities there will be a time lag following exercise of the Securities until the Share Amount is delivered to the relevant Holder’s account. Any such delay between the time of exercise and the determination of the Cash Amount or delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event (which includes Emerging Market Disruption Events) occurred at any relevant time. The applicable Cash Amount or Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a notice and such notice is received by the relevant clearing agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may in the case of Cash Settled Securities increase or decrease the Cash Amount (as defined in the Conditions) from what it would have been but for such deemed delivery. In the case of Securities which

are exercisable on one day only or only during an exercise period any notice, if not delivered by the latest time specified in the Conditions, shall be void.

If the Securities are subject to provisions concerning delivery of a Notice and such notice is received by either the relevant Clearing Agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may in the case of Cash Settled Securities increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction. Please refer to section “General Condition 9 - Taxation”.

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global bearer Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest (if any) and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of any relevant global Security and, in the case of a temporary global Security in bearer form, certification as to non-U.S. beneficial ownership. The risk is that the bearer or the registered holder, as the case may be, of the relevant global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Agent (as defined in the Conditions) as the sole holder of the relevant Securities with respect to the payment of principal (if any), interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities. Holders therefore are required to look to the Relevant Clearing System in respect of payments made to it by the Issuer in respect of Securities in global or dematerialised form.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all

payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

Change of law and jurisdiction

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus. Prospective investors in the Securities should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to

determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Modification, waivers and substitution

The Issuer may decide to make modifications to the Securities without the consent of the Holders which may affect the Holders' interest either:

- (a) for the purpose of curing any ambiguity or of curing, correcting or supplementing any manifest error or other defective provision; or
- (b) in any other manner which is not materially prejudicial to the interests of the Holders; or
- (c) for the purpose of the substitution of another company as principal debtor under any Securities in place of the Issuer, in the circumstances described in General Condition 8.

RESPONSIBILITY STATEMENT

The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

ESSENTIAL CHARACTERISTICS OF THE ISSUER

History and incorporation

The origin of RBS N.V. can be traced to the formation of “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. RBS N.V.’s articles of association were last amended by deed of 1 April 2010 executed before Mr. B.J. Kuck, a notary public in Amsterdam. RBS N.V. is registered in the Commercial Register of Amsterdam under number 33002587. RBS N.V.’s registered office is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS N.V. is a wholly-owned subsidiary of RBS Holdings N.V. (previously named ABN AMRO Holding N.V.) (“**RBS Holdings**”), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990. The articles of association of RBS Holdings were last amended by deed of 1 April 2010 executed before Mr. M.W. Galjaart, a deputy of Mr. B.J. Kuck, a notary public in Amsterdam. The registered office of RBS Holdings is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS Holdings owns 100 per cent. of RBS N.V.’s shares and is jointly and severally liable for all our liabilities in respect of the structured products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

RBS Holdings and the Issuer form part of The Royal Bank of Scotland Group (referred to as the “**Group**”, “**RBS**” or “**RBS Group**”).

Overview

The Issuer is a bank licensed by the Dutch Central Bank (*De Nederlandsche Bank*). RBS Group targets the highest possible credit rating for RBS N.V.

The Issuer operates on a significant scale across Europe, Middle East and Africa (EMEA), the Americas and Asia. At legal separation from the ABN AMRO group on 1 April 2010 (see the paragraph *Separation from the ABN AMRO group* below), RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products; provided by a sales force operating in approximately 40 countries (reducing over time following intended asset sales or exits of selected network countries). As at 31 December 2009, the RBS acquired businesses within RBS N.V. reported total consolidated assets of €275 billion and had more than 27,000 full time staff through a network of 264 offices and branches.

Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, RBS Plc and Natwest. Both RBS Plc and Natwest

are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, RBS Group's subsidiary Citizens is a large commercial banking organization. RBS Group has a large and diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

Group Organisational Structure

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding and Local Markets;
- Global Transaction Services: Global Trade Finance, Transaction Banking and International Cash Management; and
- Risk & Restructuring: The Non-Core Division in Risk & Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall businesses' strategies of the RBS Group.

Separation from the ABN AMRO group

On 17 October 2007 85.6 per cent. of the shares in ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ("**RFS Holdings**"), a company incorporated by a consortium consisting of the RBS, Fortis N.V., Fortis SA/NV ("**Fortis**") and Banco Santander S.A. each a "**Consortium Member**".

On 3 October 2008 the State of the Netherlands ("**Dutch State**") acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank.

Legal demerger and legal separation process

On 30 September 2009 ABN AMRO Holding N.V. announced that a two-step approach would be taken to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – “**Legal Demerger**”: Transfer of the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the “**Demerging Company**”) to a new legal entity, ABN AMRO II N.V. (the “**Acquiring Company**”). Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company was to be renamed The Royal Bank of Scotland N.V. The Acquiring Company, comprising the Dutch State acquired businesses, was to then be renamed ABN AMRO Bank N.V.

The Legal Demerger and the consequent name changes were successfully effected on 6th February 2010.

Step 2 – “**Legal Separation**”: Transfer of the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. Following the transfer of the shares in ABN AMRO Bank N.V. to a new holding company, ABN AMRO Holding N.V. was to be renamed RBS Holdings N.V.

The Legal Separation and the consequent name change were successfully effected on 1 April 2010.

Following Legal Separation, the Issuer's activities continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) and the Dutch Authority for the Financial Markets (*Autoriteit Financiële Markten*) supervision and on a consolidated basis as part of the RBS Group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal has been granted by the Dutch Central Bank on 3 February 2010.

Following Legal Separation a new managing board and supervisory board of RBS N.V. were appointed.

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in the future.

2. EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States, including Belgium from 1 January 2010, are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of the proposal on 24 April 2009. If any of the proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

3. THE NETHERLANDS

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations in relation thereto. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) holders of Securities holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Securities of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (ii) investment institutions (*fiscale beleggingsinstellingen*); and
- (iii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax.

Where this summary refers to a holder of Securities, such reference is restricted to a holder holding legal title to as well as an economic interest in such Securities.

Withholding Tax

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and Individual Income Tax

Residents of the Netherlands

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25.5%).

If an individual holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes (including an individual holder who has opted to be taxed as a resident of the Netherlands), income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52%) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the holder is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the holder has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Securities, taxable income with regard to the Securities must be determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments has been fixed at a rate of 4% of the average of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year and the individual's yield basis at the end of the calendar year, insofar as the average exceeds a certain threshold. The average of the individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Securities less the fair market value of certain qualifying liabilities on 1 January and 31 December, divided by two. The fair market value of the Securities will be included as an asset in the individual's yield basis. The 4% deemed return on income from savings and investments will be taxed at a rate of 30%.

Non-residents of the Netherlands

If a holder is not a resident nor is deemed to be a resident of the Netherlands for Netherlands tax purposes (nor has opted to be taxed as a resident of the Netherlands), such holder is not liable to Dutch tax income in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, unless:

- (i) the holder is not an individual and such holder (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25.5%.

- (ii) the holder is an individual and such holder (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realises income or gains with respect to the Securities that qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*) in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Securities which exceed regular, active portfolio management (*normaal, actief vermogensbeheer*), or (3) is (other than by way of securities) entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Securities are attributable.

Income derived from the Securities as specified under (1) and (2) is subject to individual income tax at up to a maximum rate of 52%. Income derived from a share in the profits as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under “Residents of the Netherlands”). The fair market value of the share in the profits of the enterprise (which includes the Securities) will be part of the individual's Netherlands yield basis.

Gift and Inheritance Tax

Residents of the Netherlands

Generally, gift and inheritance tax will be due in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or on behalf of, or on the death of, a holder that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands gift and

inheritance tax at the time of the gift or his or her death. A gift made under a condition precedent is deemed to be a made at the time the condition precedent is fulfilled and is subject to Dutch gift and inheritance tax if the donor is a (deemed) resident of the Netherlands at that time.

A holder of Dutch nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax if he or she has been resident in the Netherlands and dies or makes a gift within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift tax if he or she has been resident in the Netherlands and makes a gift within a twelve months period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

Non-residents of the Netherlands

No gift or inheritance taxes will arise in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or as a result of, the death of a holder that is neither a resident nor deemed to be a resident of the Netherlands for the purposes of Netherlands gift and inheritance tax, unless in the case of a gift of the Securities by, or on behalf of, a holder who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands, such holder dies within 180 days after the date of the gift, and at the time of his or her death is a resident or deemed to be a resident of the Netherlands. A gift made under a condition precedent is deemed to be a made at the time the condition precedent is fulfilled.

Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

4. UNITED KINGDOM

The following applies only to persons who are the beneficial owners of the Securities and is a summary of the Issuer's understanding of current United Kingdom tax law and United

Kingdom HM Revenue & Customs (“HMRC”) practice relating only to certain aspects of United Kingdom taxation. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Securities. Some aspects do not apply to certain classes of persons (such as persons carrying on a trade of dealing in Securities and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Holders of Securities depends on their individual circumstances and may be subject to change in the future. The precise tax treatment of a Holder of Securities will depend for each issue on the terms of the Securities, as specified in the Conditions of the Securities. Prospective Holders of Securities who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

Withholding Tax

Securities issued otherwise than through the Issuer’s London branch

Payments of interest on these Securities may be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer’s London branch

Payments made in respect of the Securities may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded as either interest or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest or annual payments for United Kingdom tax purposes, the Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made in respect of the Securities provided that the Securities are derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009 (which broadly they should be provided that they are derivatives for the purposes of FRS25 (or International Accounting Standard 32) and are not excluded for the purposes of Part 7 of that Act by virtue of their underlying subject matter).

If interest payable on the Securities or if payments made in respect of the Securities were to be regarded as interest for United Kingdom tax purposes, provided that the Issuer’s London branch is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the “ITA 2007”), such payments may be made without withholding or deduction for or on

account of United Kingdom income tax where the interest is paid in the ordinary course of the Issuer's London branch's business within the meaning of section 878 ITA 2007.

Payments of interest on or in respect of the Securities may also be made without deduction of or withholding for or on account of United Kingdom income tax if the Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the ITA 2007. The Euronext Amsterdam is a recognised stock exchange. The Securities will therefore satisfy this requirement if they are (a) officially listed in the Netherlands in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Euronext Amsterdam, or (b) admitted to trading on another "recognised stock exchange" and officially listed in a country in which there is a "recognised stock exchange" in accordance with provisions corresponding to those generally applicable in EEA states. Provided, therefore, that the Securities are and remain so listed, interest on the Securities will be payable without withholding or deduction for or on account of United Kingdom income tax whether or not the Issuer's London branch carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where interest on or in respect of the Securities is paid by a company and, at the time the payment is made, the Issuer's London branch reasonably believes (and any person by or through whom interest on the Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where the maturity of the Securities is less than 365 days and those Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on or in respect of Securities issued by the Issuer's London branch on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of the Securities, HMRC can issue a notice to the Issuer's London branch to pay interest to the Holder of the Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

UK Information Gathering Powers

Irrespective of whether the Securities are issued by the Issuer's London branch, Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities (which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005) to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2011. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

Stamp Taxes

For the purposes of the following paragraphs, "**Exempt Loan Capital**" means any security which constitutes loan capital ("**Loan Capital**") for the purposes of section 78 of the Finance Act 1986 ("**FA 1986**") and: (a) does not carry rights to acquire shares or securities (by way of exchange, conversion or otherwise) that are not Exempt Loan Capital; (b) has not carried and does not carry a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the relevant security; (c) has not carried and does not carry a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or any part of, a business or to the value of any property; and (d) has not carried and does not carry a right to a premium which is not reasonably comparable with amounts payable on securities listed on the London Stock Exchange.

Stamp duty on the issue of Securities

In relation to Securities in bearer form which are denominated in sterling and which are not Loan Capital, a charge to United Kingdom stamp duty at 1.5 per cent. of the value of such Securities may arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to Securities of that kind originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security may arise. Furthermore, the issue of a Security which has

characteristics of an option or any instrument granting such a Security may be subject to United Kingdom stamp duty. However, no stamp duty liability will arise on the issue or transfer of such Securities which constitute an interest in, a right to an allotment of or to subscribe for, or an option to acquire or to dispose of Exempt Loan Capital.

Stamp duty on the transfer of Securities

No United Kingdom stamp duty should be required to be paid on transfers of Securities on sale provided no instrument of transfer is used to complete such sales.

An instrument transferring a Security on sale of the Security which is executed in the United Kingdom or which (if not executed in the United Kingdom) relates to any matter or thing done or to be done in the United Kingdom may be subject to stamp duty at a rate of 0.5 per cent. of the consideration paid for the Securities if the Securities are either not Loan Capital and do not constitute an interest in, a right to an allotment of or to subscribe for, or an option to acquire or to dispose of Exempt Loan Capital or are Loan Capital but are not Exempt Loan Capital.

Stamp duty reserve tax (“SDRT”) on the issue of Securities to a Clearance Service

No SDRT should be payable in relation to the issue of a Security to any person providing a clearance service, or a nominee for any such person, within the meaning of section 96 FA 1986 (a “**Clearance Service**”) unless the Final Terms of that Security entitle the Holder of the Security to physical settlement and the Underlying consists of shares which are paired with shares (which are not “newly subscribed shares” as defined in section 99(12) FA 1986) issued by a body corporate incorporated in the United Kingdom.

Except where an election has been made under which the alternative system of charge as provided for in section 97A FA 1986 (a “**s97A Election**”) applies, SDRT at a rate of 1.5 per cent may be payable on the issue or transfer of a Security to a Clearance Service where the Final Terms of that Security entitle the Holder of the Security to physical settlement and the Underlying consists of shares which are paired with shares (which are not “newly subscribed shares” as defined in section 99(12) FA 1986) issued by a body corporate incorporated in the United Kingdom.

The ECJ has found in C-569/07 HSBC Holdings plc and Vidacos Nominees Ltd v The Commissioners of Her Majesty’s Revenue & Customs (Case C-569/07) that the 1.5 per cent. charge is contrary to EU Community Law where shares are issued to a clearance system. HMRC has subsequently indicated that it will not levy the charge on shares issued to a clearance system within the EU. It is not clear the extent to which this decision applies to the Securities or the way in which any change in legislation or HMRC practice in response to this decision may alter the position outlined above.

SDRT on the transfer of Securities held within a Clearance Service

SDRT should generally not be payable in relation to an agreement to transfer a Security held within a Clearance Service provided that no s97A Election has been made.

SDRT on the transfer of Securities held outside a Clearance Service or held within a Clearance Service where a s97A Election has been made

In the case of Securities held outside a Clearance Service or Securities held within a Clearance Service where a s97A Election has been made, no SDRT should be payable in relation to any agreement to transfer a Security unless the Final Terms of that Security entitle the Holder of the Security to physical settlement and the Underlying consists of either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form.

In the case of Securities held outside a Clearance Service or Securities held within a Clearance Service where a s97A Election has been made, SDRT should generally be payable in relation to any agreement to transfer a Security where the Final Terms of that Security entitle the Holder of the Security to physical settlement and the Underlying consists of either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form. SDRT would be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Securities, unless the transfer is to a depository for a Clearance Service or to a person issuing depository receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent..

Stamp duty and SDRT on the exercise or redemption of the Securities

Stamp duty and SDRT may also be payable on the transfer of an asset on physical settlement of the Securities.

5. LUXEMBOURG

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

TAXATION OF THE HOLDERS OF SECURITIES

Withholding Tax

(i) Non-resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the “**Laws**”) mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

Under the Laws implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the “**Territories**”), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which is resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 20 per cent. and will be levied at a rate of 35 per cent. as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Laws would at present be subject to withholding tax of 20 per cent.

(ii) Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended (the “**Law**”) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the

tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Law would be subject to withholding tax of 10 per cent.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

4. UNITED STATES

No Securities of any Series have been, or will be, registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”), and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (the “**CFTC**”) under the United States Commodity Exchange Act, as amended (the “**CEA**”). No Securities of any Series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Offers, sales, resales or deliveries of Securities of any Series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading.

Securities having a maturity of more than one year will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the “**C Rules**”). Securities having a maturity of one year or less are not subject to the C Rules and will be referred to in the relevant Final Terms as a transaction to which the C Rules are not applicable.

The Securities subject to the C Rules may not be offered, sold or delivered within the United States, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the “**Code**”) and the U.S. Treasury regulations thereunder.

The Issuer will require each dealer participating in the distribution of Securities subject to the C Rules to agree that it will not at any time offer, sell, resell or deliver, directly or indirectly, the Securities in the United States or to others for offer, sale, resale or delivery, directly or indirectly, in the United States. Further, the Issuer and each dealer to which it sells the Securities will represent and agree that in connection with the original issuance of such Securities that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States and will not otherwise involve its U.S. office in the offer or sale of such Securities. The terms used in the preceding sentence (and not otherwise defined below) have the meanings given to them by the Code and the U.S. Treasury regulations thereunder, including the C Rules.

As used herein, “**United States**” means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and “**U.S. person**” means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other “U.S. Person” as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the CEA.

(j) **Description of the Securities**

Turbo certificates are either (i) open ended investment instruments without a fixed maturity or expiration date, which can either be exercised by the Holder, or (ii)) fixed maturity or expiration date, which will be exercised automatically following a Final Valuation Date, open ended and fixed maturity turbo certificates can be terminated by the Issuer following an Issuer Call, and may automatically terminate if the Underlying (as defined below) reaches a pre-determined level. Following any such event, the turbo certificates pay an amount determined by reference to the value of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product on one or more specified days, subject to the certificate entitlement. The types of certificates that may be issued under this Base Prospectus are described below.

Turbo certificates track in a linear manner the Underlying either on an open ended basis or until the relevant Final Valuation Date. The amount needed to invest in a turbo certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls is much higher in Turbo certificates than as a direct investment in the Underlying.

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo long certificate and an ordinary certificate is that in the case of the turbo long certificate, the amount needed to invest to give the same participation rate in the Underlying is usually considerably less.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo short certificate and an ordinary certificate is that in the case of the turbo short certificate, the amount needed to invest to give the same inverse participation rate in the Underlying is usually considerably less.

The maximum loss to an investor in Turbo certificates is the initial amount invested. A feature of Turbo certificates is the Stop-loss which, if breached, will result in the early termination of the turbo certificate.

Commodity certificates are certificates where the Underlying is a commodity. A wide range of commodities may become the Underlying in relation to a commodity Turbo certificate.

Currency certificates give their Holder exposure to interest rate differences between two currencies. A range of currencies may become the Underlying in relation to a currency Turbo certificate.

Single stock certificates are certificates where the Underlying is a share. A range of shares may become the Underlying in relation to a single stock Turbo certificate.

Index certificates are certificates where the Underlying is an index. A range of indices may become the Underlying in relation to an index Turbo certificate.

Government bond certificates are certificates where the Underlying is a futures contract related to a Government bond. A range of Government bond futures contracts may become the Underlying in relation to a Government bond Turbo certificate.

Commodity forward and future certificates are certificates where the Underlying is a forward or future contract related to a commodity. A range of commodity forward and futures contracts may become the Underlying in relation to a commodity forward or future Turbo certificate.

Fund certificates are certificates where the Underlying is a fund. A range of funds may become the Underlying in relation to a fund Turbo certificate.

Rolling turbo certificates observe certain elements to determine whether adjustments need to be made to any of the terms and conditions of the certificates to maintain the leverage within certain limits, these elements include but are not limited to the current leverage factor, the level of the Underlying and the value of the certificates. In addition to such adjustments, the Holder could be entitled to an interim payment.

Index future certificates are certificates where the Underlying is a future contract related to an index. A range of index future contracts may become the Underlying in relation to an index future Turbo certificate.

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities or attached to any Global Security representing the Securities. The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Notices to Holders shall be given by the delivery of the relevant notice to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such notice to the Holders. The Issuer shall also ensure that notices are duly published, to the extent required, in a manner which complies (i) with the rules of any stock exchange or other relevant authority on which the Securities are for the time being listed or in the country in which such Securities have been admitted to trading and (ii) with any relevant legislation.
- (b) Any such notice issued pursuant to General Condition 4(a) by being delivered to the Clearing Agent(s) will be deemed to have been given on the date of the delivery of such notice to the Clearing Agent(s). Any such notice issued pursuant to General Condition 4(a) by being published will be deemed to have been given on the date of the first publication (for the avoidance of doubt, such notice having been published by any valid means) or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially to (i) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a “**Relevant Hedging Transaction**”) or asset it deems necessary, appropriate or desirable to hedge the Issuer's obligations in respect of the Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax

position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this sub-paragraph (i); or

- (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
- (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or
- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

In the Conditions:

“**Hedge Position**” means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer’s risk of issuing, and performing its obligations with respect to, the Securities; and

“**Hedge Provider**” includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or The Royal Bank of Scotland plc and/or any other party(ies) and/or any special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer’s hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the

Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;

- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.
- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the

proposed adjustment) less the cost to the Issuer of unwinding any related hedging arrangements.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.
- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations.
 - (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
 - (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change to such methodology that it considers necessary to reflect such circumstances.
 - (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer

or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.

(iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the terms and conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.

(b) **Modifications.** The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

(a) **Substitution of Issuer.** The Issuer may at any time without the consent of the Holders substitute for itself as issuer of the Securities with regard to any and all rights, obligations and liabilities under and in connection with the Securities:

(A) The Royal Bank of Scotland plc, registered in Scotland under No. 90312, with its registered office at 36 St Andrew Square, Edinburgh EH2 2YB, (“**RBS Plc**” or the “**Substitute**”) subject to the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or

- (ii) each Holder, from (and including) the date of such notice, to (and including) the date of such substitution, being entitled to terminate the Securities held by such Holder without any notice period in which event the Issuer will, if and to the extent permitted by Applicable Law, pay to such Holder with respect to each Security held by such Holder an amount calculated by the Issuer as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide for a minimum assured return of principal or a minimum assured return of interest or other payments, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable) any such amount to be paid shall not be less than the present value of the minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holders in accordance with General Condition 4;

and in each case subject to all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. The election will have effect as follows:

- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”) (if applicable). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions, shall be void.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”) (if applicable). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

Provided no Stop Loss Event has occurred, the Issuer may terminate the Securities, in whole but not in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.

Each Security upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

 - (i) **Settlement.** The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
 - (j) **Determinations.** Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out

below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions, shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in this Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (m) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing

Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (n) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether

such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or

Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to fully account for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**” means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date, Issuer Call Date or before or during the Stop Loss Termination Valuation Period.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of

receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Current Spread on the Launch Date is the spread specified as such in the definition of the relevant Series in the applicable Final Terms;

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced

change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to fully account for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in this Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage

contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If the Index is: (A) not calculated and announced by the Index sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date, during or prior to the Stop Loss Termination Valuation Period or on or prior to the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, during the Stop Loss Termination Valuation Period or on the Issuer Call Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price or the Termination Reference Price using, in lieu of a published level for the Index on the Valuation Date, the Issuer Call Date or during the Stop Loss Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula

for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the shares comprising the Index (the “**Shares**”) of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Launch Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the

Shares; (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. “Stop Loss Termination Valuation Period” means the Stop Loss Termination Date and the following Trading Day or, if in the sole and absolute discretion of the Calculation Agent the Stop Loss Event occurs at or around the Valuation Time on the Stop Loss Termination Date, the two Trading Days immediately following the Stop Loss Termination Date, in either case excluding for this purpose any day on which a Market Disruption Event occurs;

“Termination Reference Price” means an amount (which shall be deemed to be a monetary value in the Financing Level Currency) equal to the level of the Index at the Valuation Time on the Issuer Call Date as determined by or on behalf of the Calculation Agent without regard to any subsequently published correction;

“**Trading Day**” means any day on which the Index Sponsor should calculate and publish the closing level of the Index according to its rules;

“**Trigger Event**” means the event specified as such in the definition of the relevant Series in the applicable Final Terms;

“**Valuation Date**” means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms unless, in the determination of the Calculation Agent, a Market Disruption Event (including an Emerging Market Disruption Event) has occurred on that day in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event (including an Emerging Market Disruption Event)) would have been a Valuation Date. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event (including an Emerging Market Disruption Event)); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

“**Valuation Time**” means the time with reference to which the Index Sponsor calculates the closing level of the Index, or such other time as the Issuer may determine in its absolute discretion and notify to Holders in accordance with General Condition 4.

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form specified in Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery

obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”) (if applicable). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated

Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES.

- (a) Exercise. Provided no Stop Loss Event has occurred, and notwithstanding notice of an Issuer Call, the Securities are exercisable (i) on any Exercise Date by delivery of a Notice (as defined below) prior to the Exercise Time on an Exercise Date or (ii) automatically following the Final Valuation Date.
- (b) Stop Loss Event. Following a Stop Loss Event, the Securities will terminate automatically. A Stop Loss Event will override an Issuer Call and/or due Exercise if the Stop Loss Event occurs prior to or on an Issuer Call Date or Valuation Date as the case may be.
- (c) Issuer Call. Provided no Stop Loss Event has occurred, the Issuer may terminate the Securities, in whole but not in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive, from the Issuer on the Settlement Date either:
 - (i) the Exercise Cash Amount, following a valid Exercise; or
 - (ii) the Issuer Call Cash Amount, following a valid Issuer Call; or
 - (iii) the Stop Loss Cash Amount, following a Stop Loss Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (g) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the

Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.

- (h) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (j) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions, shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in this Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (m) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (n) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of

that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date, during or prior to the Stop Loss Termination Valuation Period or on or prior to the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, during the Stop Loss Termination Valuation Period or on the Issuer Call Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price or the Termination Reference Price using, in lieu of a published level for the Index on the Valuation Date, the Issuer Call Date or during the Stop Loss Termination Valuation Period, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with

the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Launch Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”) (if applicable). Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(c) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and,

without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

- (d) The Issuer shall give notice in accordance with General Condition 4 of any calculation or determination made by it or the Calculation Agent pursuant to this Product Condition 4 as soon as practicable after it has been made. The Issuer shall make available for inspection by Holders copies of any such calculations and determinations.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If the Index is: (A) not calculated and announced by the Index sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date, the occurrence of a Stop Loss Event, Issuer Call Date, or the occurrence of a Re-Financing Event or occurrence of the Knock Out Event as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, the occurrence of a Stop Loss Event, Issuer Call Date, or the occurrence of a Re-Financing Event or occurrence of the Knock Out Event the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price, or the Termination Reference Price, the Reference Price or the Knock Out Reference Price using, in lieu of a published level for the Index on the Valuation Date, the Issuer Call Date or during the Execution Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the shares comprising the Index (the “**Shares**”) of: (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Launch Date up to but excluding the Valuation Date, Issuer Call Date or the Knock Out Event as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution,

provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form specified in Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the “Global Security”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the

Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “Holder” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Knock Out Event has occurred, and notwithstanding notice of an Issuer Call, the Securities are exercisable (i) by delivery of a Notice prior to the Exercise Time on an Exercise Date or (ii) automatically following the Final Valuation Date.
- (b) Stop Loss Event. Following the occurrence of a Stop Loss Event, the Issuer shall determine the Stop Loss Termination Reference Price and shall notionally re-invest the Stop Loss Termination Reference Price in the Index on the basis of a Re-Financing Event having occurred contemporaneously therewith.
- (c) Issuer Call. The Issuer may terminate, subject to a valid Exercise or the occurrence of a Knock Out Event, the Securities, in whole but not in part on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Interim Settlement Event. Following the occurrence of an Interim Settlement Event, the Calculation Agent shall determine and pay the Interim Settlement Amount to the account of the relevant Holder via the Clearing Agent on the Settlement Date and adjust the Security Value on the basis of a Re-Financing Event having occurred contemporaneously therewith. Any amounts not paid via the Clearing Agent shall be retained by the Issuer for payment to the relevant Holder against evidence satisfactory to the Issuer of the Holder's entitlement to such amount.
- (e) Knock Out Event. Following the occurrence of a Knock Out Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. A Knock Out Event will override an Issuer Call and/or due Exercise if the Knock Out Event occurs prior to or on an Issuer Call Date or Valuation Date as the case may be.

- (f) Re-Financing Event. On or promptly following a Re-Financing Event the Calculation Agent shall adjust the Current Financing Level and the Current Participation Factor as set out in Product Condition 1.
- (g) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call, determination of an Interim Settlement Event or following a Knock Out Event and except in the case of an Interim Settlement Event subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive, from the Issuer on the Settlement Date either:
 - i) The Exercise Cash Amount, following a valid Exercise; or
 - ii) The Issuer Call Cash Amount, following a valid Issuer Call; or
 - iii) The Interim Settlement Amount, following an Interim Settlement Event; or
 - iv) The Knock Out Cash Amount, following a Knock Out Event.
- (h) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (i) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (j) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- i) specify the number of Securities to which it relates;
- ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;

v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

vi) authorise the production of such Notice in any applicable administrative or legal proceedings.

- (k) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (l) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (m) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (n) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (o) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (p) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of the such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (q) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.

- (i) If the Index is: (A) not calculated and announced by the Index sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date, the occurrence of a Stop Loss Event, Issuer Call Date, or the occurrence of a Re-Financing Event or occurrence of the Knock Out Event as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, the occurrence of a Stop Loss Event, Issuer Call Date, or the occurrence of a Re-Financing Event or occurrence of the Knock Out Event the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price, or the Termination Reference Price, the Reference Price or the Knock Out Reference Price using, in lieu of a published level for the Index on the Valuation Date, the Issuer Call Date or during the Execution Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published

or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the shares comprising the Index (the “**Shares**”) of: (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Launch Date up to but excluding the Valuation Date, Issuer Call Date or the Knock Out Event as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction)

or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
